

FIGHT F.O.G.™

**Fats, Oils & Grease
are clogging the sewer
pipes in your area!**

Grasas y aceites obstruyen tuberías
de las alcantarillas en su área.

The City of Waxahachie Utility Department is in your neighborhood working to keep the sewer lines clean, which helps prevent sewer overflows that can pollute our creeks, rivers, lakes, and groundwater. Help us fight future sewer backups in your area.

By following a few simple steps, you can help prevent sewer backups and spills:

Siga estos pasos para ayudar a evitar cañerías obstruidas y derrames de las alcantarillas:

- 1. Pour cooled fats, oils and grease into a covered, disposable container and throw it into your garbage. Never pour fats, oils or grease down sink drains or toilets. COOL IT, CAN IT, TRASH IT.™**

Coloque las grasas y aceites fríos en un recipiente desechable con tapa y tirelo a la basura. Nunca desheche grasas y aceites á través del fregadero o del escusado. ENFRIAR, EMPACAR, TIRAR.

- 2. Soak up remaining oils and grease with an absorbent material such as paper towels, and throw it into your garbage.**

Absorba las grasas y los aceites restantes con servilletas de papel y deshágase de ellas junto con los restos de comida y desechos de basura.

- 3. Before you wash dishes, scrape food scraps, fats, oils and grease into your garbage.**

Antes de lavar los platos, remueva las sobras de comida, grasas y aceites y pongalos en la basura.

- 4. Use sink strainers to catch any remaining food waste while washing dishes.**

Utilice coladores para fregaderos al lavar los platos para atrapar los restos de comida.
