If the plat is filed after September 1 of a year, the plat must also have attached to it a tax receipt issued by the collector for each taxing unit with jurisdiction of the property indicating that the taxes imposed by the taxing unit for the current year have been paid or, if the taxes for the current year have not been calculated, a statement from the collector for the taxing unit indicating that the taxes to be imposed by that taxing unit for the current year have not been calculated. If the tax certificate for a taxing unit does not cover the preceding year, the plat must also have attached to it a tax receipt issued by the collector for the taxing unit indicating that the taxes imposed by the taxing unit for the preceding year have been paid. This is a requirement of Chapter 12, Section 12.002 of the Property Code. Please plan accordingly to avoid any potential delays in the recording of your plat.
