---

(July 8, 2009) Due to the current expansion projects on Parks School House Road, two intersections will be temporarily closed to facilitate the next phase of each project.

The next closure will occur on the Parks School House Road project. Wednesday July 8, the intersection at Parks School House Road will be closed at Owen Way, and will remain closed until Thursday afternoon, July 9. After the Owen Way intersection is re-opened on Thursday, the intersection at Carter Court and Parks School House Road will be closed. The Carter Court intersection is scheduled to be closed for approximately one month.

“Parks School House Road will remain open, this closure will temporarily effect the intersections of Owen Way and Carter Court on Parks School House Road,” said Hollywood. “Closing these entrances is necessary because there is a difference in grade in the new road and the existing streets. This part of the project will ensure a smooth grade transition from the new road to the existing ones,” said Hollywood.

For questions regarding the Parks School House Road expansion project, please contact the City of Waxahachie at 972-937-7330, extension 284.
